Re: VPDES Permit No. VA0089338

Dear Mr. Thomas:

The State Water Control Board is considering reissuing the referenced permit. Please review the enclosed public notice and draft permit package carefully.

Certain public notice procedures must be complied with before the actual permit can be approved. They are as follows:

- 1) The attached public notice must be published once a week for two consecutive weeks in a newspaper of general local circulation. We have your signed billing information form and intend to contact the newspaper the week of October 1, 2012, to begin the public notice.
- 2) A minimum of 30 days will be allowed for public response following the date of the first public notice. If no public response is received, or the public response can be satisfactorily answered, then the permit will be processed. However, if there is significant response, then we may hold a public hearing. You will be advised if this occurs.

Please contact me at (703) 583-3834 or [Alison.Thompson@deq.virginia.gov](mailto:Alison.Thompson@deq.virginia.gov) if you have questions or comments on the draft permit, fact sheet, or public notice requirements.

Sincerely,

Alison Thompson  
Water Permits Technical Reviewer
